

Dear Sir or Madam:

I hope this letter finds you well.

We are writing on behalf of Aquinas Academy, a K4-8th grade Catholic, classical school where our students are formed to seek and love what is true, beautiful, and good. Integral to their studies, is the daily virtue program, that equips our students to live an extraordinary life by embracing the cardinal and theological virtues. These virtues were at the heart of our nation's founding, forging a bright future for all those who call themselves American. The children in our school learn to cherish the freedoms won by the patriotic men and women and remember those sacrifices when we say the Pledge of Allegiance each morning.

On Saturday evening, April 13th, Aquinas Academy will hold its annual gala dinner and auction fundraising event in our school's gymnasium under the theme Stella Maris – Star of the Sea. This annual gala has played a vital role in covering the costs of running our non-profit school.

Thanks to the generosity of businesses and families, we have met our financial goals for the past 33 years. Full tuition does not cover the cost to educate a student, so we fundraise that gap annually. We are proud to provide a valuable education to our families at a cost that is 28.5% less than the least expensive public school district in Wisconsin.

Any gifts, donations, discounts, or aid we raise for our event are greatly appreciated. We will share our appreciation to our donors through advertising on our website, registration pages, social media, gala invitations and in both print and digital forms at our event. This advertising will reach hundreds of people who intentionally support our donors with their patronage.

We ask that you please help support Aquinas Academy in fulfilling our mission of forming the leaders of tomorrow! Please consider donating an item for our gala dinner and auction, a monetary gift, or being a sponsor at one of the various levels and receive a special deal on tickets and advertising.

Sincerely,

Marisa Stueck
Gala Committee Chair

Brenda Meganck
Gala Committee Co-Chair

“We are what we repeatedly do, excellence then, is not an act but a habit” - Aristotle
